General Comment

We do not need theft for our community in our future. AI has no place in our community. It takes the livelihoods of artists, writers, musicians, and various other creators and profits from THEIR work. This will impact everyone if we do not put up guidelines to prevent theft! There are many ways AI can harm our community. Replicating people's voices, their appearance, falsifying information, taking someone's image and slandering it! This is just the tip of the iceberg! We do not need to use other people to enhance AI.
