General Comment

The AI bubble is starting to burst and you're giving these charlatans free rein to steal the hard work of people who actually create art?

Disney was able to sue children's hospitals to remove drawings of Mickey Mouse. And these losers get a pass?

Aaron Swartz took his own life after a copyright lawsuit ruined his life. And you're saying Open AI is above the law now?

The end goal of the AI gold rush is to fire as many people as possible, freeing up even more money for the vultures at the top. Predatory capitalist garbage at its most blatant.

This is absolutely ridiculous.
