Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-5959
Comment on FR Doc # 2025-02305

Submitter Information

Name: Erynne von Olnhausen

[REDACTED]

General Comment

I do not consent or approve of this. AI, when used judiciously in applications that make sense and do not threaten the livelihoods of our people or steal creative works from our artists, can be beneficial, but it is an entirely unregulated and unfettered thing. As someone who is familiar with AI, this is extremely dangerous and there are no upsides. You can only mean to wield it as a weapon against the American people.
