General Comment

Please do not use copyrighted work including published art, writing, video, pictures, etc. to train AI. It's theft. Please make AI opt IN vs opt OUT. Automatically applying AI and burying the opt out toggle/button in the settings is manipulative and unethical. Please pay attention to how AI is being used to manipulate public opinion and spread disinformation and correct the issues causing this. There need to be laws in place to protect potential victims of AI image/video abuse, those cases have already been popping up all over the world and the lack of accountability and justice has been extremely disheartening and worrying.
