Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-6303

Comment on FR Doc # 2025-02305

Submitter Information

Name: Tomas Bixby

General Comment

Generative AI should not have any place in the political or economic future of the United States. As it exists currently it will create more issues than it solves. Even with "improvements" envisioned by those who champion it, it is a fundamentally misunderstood and over-hyped technology that will inevitably fall to the same innovation cesspit as NFTs.
