General Comment

This is unacceptable. I do not believe AI holds a place in the future of the United States, and is quite frankly embarrassing that it's gotten this bad. AI steals from my livelihood as an American and profits off of theft of thousands if not millions of individuals WHO DID NOT CONSENT. We cannot allow for AI to be protected and unregulated. Please consider how harmful AI is to, not only your fellow Americans, but to our environment as a whole. AI is overhyped and is fleecing the eyes of the American public. This is NOT what we want.
