Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-6571

Comment on FR Doc # 2025-02305

Submitter Information

Name: Marc Kim

General Comment

Algorithmic Intelligence should have no future in United States lawmaking, or any future of any kind. It has no purpose other than stealing the rightful livelihood of human beings and to mash what it has consumed into a homogeneous paste. It has no more economic value than Non-Fungible Tokens, and anything action plan that does not center around restricting it is not acceptable.
