Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-6846
Comment on FR Doc # 2025-02305

Submitter Information

Name: Kyle Niedzwiecki
Email: [REDACTED]

General Comment

As someone who has spent decades working in tech, I find the general discussion around AI to be ... overhyped and unreasonable, often at the expense of existing law.

Current intellectual property protections need to be reinforced, not eroded. ChatGPT, Grok, and other models must only ingest data which is public domain or properly licensed. To do otherwise throws out the proverbial baby with its bathwater.

This should be addressed by the Legislature and Judiciary, not the Executive.
