Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-6850
Comment on FR Doc # 2025-02305

Submitter Information

Name: Serena Del Ray
Address: United States,

General Comment

To say this would be a disaster is an understatement. Artificial intelligence has no purpose in the United States and only serves to harm her people and their livelihood. It profits off of the theft of original ideas and property, and has been shown time and time again to be both unreliable and unpopular. To allow Big Tech to be completely above the law for the sake of their AI models is a disgusting and disgraceful act, and should be shot down.
