General Comment

I and countless other Americans implore you - DO NOT DO THIS. SHUT THIS DOWN NOW. GenerativeAI has no place in our future as it exists now. It flies in the face of every human being and only exists to steal & poorly regurgitate ideas of actual people. Allowing OpenAI unfettered access to the creations of actual humans, allowing it to bypass copyright will have far-reaching & catastrophic consequences for us all. Meanwhile it will continue to funnel wealth into the pockets of a handful of ghouls. There HAS to be a boundary. Stop this NOW!
