Document: NSF_FRDOC_0001-DRAFT-7003
Comment on FR Doc # 2025-02305

Submitter Information

Name: John Smith

General Comment

I think AI is a cultural dead end for America and the death of innovation.

companies being able to strip mine the creativity of the American people and then sell it back to Americans all while destroying the livelihood of the people it stole from is detestable. The people pushing to give these companies free reign are motivated by nothing others than short sighted greed.
