Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-7192

Comment on FR Doc # 2025-02305

Submitter Information

Name: Isaac Nelson-King

Email: [REDACTED]

General Comment

It is absolutely unacceptable to grant this "AI" free reign to steal copyrighted material and personal information and use it to generate an endless flood of repetitive drack and misinformation. Generative AI does not produce anything the average American wants or needs, and constantly generates false positives and false negatives when used to answer any kind of question. Spending government funds on generative AI is worse than just burning the same amount of money.
