Document: NSF_FRDOC_0001-DRAFT-7198
Comment on FR Doc # 2025-02305

Submitter Information

Name: Ariel Wilson
Email: [REDACTED]

General Comment

Generative AI is so vile in the fact it it trained by and large without the permission of the individuals who's works are fed to it. AI used to help spot medical issues are fine when properly train, but by and large, AI in general is being used improperly.

Do not allow the use of these programs as they exist right now.
