Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-7458
Comment on FR Doc # 2025-02305

Submitter Information

Name: Chris Messina
Email: [REDACTED]

General Comment

To allow this eliminates the whole meaning behind copyright. It legalizes intellectual theft. These artists have throw their whole lives into creating these works and then to hand them, with no recompense, to something that is built to take these intellectual endeavors and create new "art" is a travesty. AI serves no public interest. This theft will be used to enrich a few and leave artists flailing in their wake. This should not pass.
