General Comment

I am a concerned citizen concerning the blatant illegal misuse of proprietary copyrighted materials being used to develop AI technologies. I am an individual artist who uses my skill to create unique products and services.

I am fervently OPPOSED to allowing AI companies and projects to be allowed to be trained on copyrighted materials. It is blatant theft no matter how you dress it up.

Continued use of AI, generative and otherwise, only serve to dumb down the public and strip our great nation of its ability to create. It only serves to halt progress.

Our nation dies with AI investment.

Thank you
