Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-7573

Comment on FR Doc # 2025-02305

Submitter Information

Name: Markeil Taylor

General Comment

The idea of infringing on not only personal but corporate copyright will have long lasting and devastating impact on commercial, individual, and intellectual rights for decades to come all without any path of recourse or regulation for these companies and individuals. Not even to mention the effects on the environment with how many resources AI itself burns through at a frankly alarming rate. Please reconsider allowing this blatant spit in the face of our rights to be passed with no fight or plan of action.
