Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-7858
Comment on FR Doc # 2025-02305

Submitter Information

Name: Paul Cote

General Comment

I strongly disagree with any use of AI that erodes copyright protections or replaces work that would otherwise be done by a human. Artificial Intelligence is already proving to be a technology that creates far more problems than it solves, and its only purpose seems to be get away cutting corners on human labor, even when the results are often catastrophically worse.
