Document: NSF_FRDOC_0001-DRAFT-8042

Comment on FR Doc # 2025-02305

Submitter Information

Name: stephen t

General Comment

As a citizen and artist, I vehemently oppose OpenAI's theft of intellectual property. If left unchecked, it will damage the livelihoods of thousands of American citizens. It is a dead-end technology that is a waste of energy and financial resources. History will look on deep learning models like those of OpenAI as either a fad or a deep stain on humanity.
