Document: NSF_FRDOC_0001-DRAFT-8092
Comment on FR Doc # 2025-02305

Submitter Information

Name: Claire Scott

[REDACTED]

General Comment

Absolutely not. Copyright regulations exist to protect the vital rights of creators, writers, and artists. I am a librarian and educator who works with youth, teaching among other things the ethical and legal implications of copyright and fair use. This is legally and morally unacceptable, and its implications go far beyond what the current administration is ready or able to deal with.
