Docket: NSF_FRDOC_0001

Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479

Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-8228

Comment on FR Doc # 2025-02305

Submitter Information

Name: Amit Chaffee

General Comment

AI technologies like ChatGPT, open-AI, Dall-E, et al present false information as true on a regular basis. They fail to do the most basic arithmetic operations and get worse as the complexity of the prompts increase. They steal creative work from people and use it to generate inferior output devoid of context, beauty, and utility. They do all this inferior work at an embarrassingly high cost.

The US government should divest from any and all AI companies. Furthermore, the US government should prosecute any and all AI companies that use any content without explicit permission, attribution, and compensation.
