Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-8278

Comment on FR Doc # 2025-02305

Submitter Information

Name: Amber Dill

General Comment

Artificial Intelligence in the case of Generative AI cannot be considered Fair Use, and therefore cannot use copyrighted materials. The reason for this is that the works generated using AI intend to be in direct competition with the works they are deriving themselves from.

Thus Generative AI should not be allowed to train itself on copyrighted materials.
