Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-8353

Comment on FR Doc # 2025-02305

Submitter Information

Name: Susan King

General Comment

Generative AI scraping is theft of intellectual property across country lines, as the Internet is used by people beyond the USA. Illegal usage of art, writing, etc. for the mass distribution of Generative AI output is also a drain on energy. The legal, political, and climate risks of legalizing Generative AI are obvious.
