General Comment

Dear, Government

No... Just no.

I do not want whatever AI crap is going on with these times at all, and least of all for it to be codified in law. Listen to the artists who are affected by it, the people who make life worth living here by the entertainment and artistic talent they bring. Don't just allow it to be gobbled up by the AI machine that is spreading like a virus. So just... no.

Sincerely, a concerned citizen
