General Comment

AI does not have a future with out government. Our government is for the people and is sustained by the people. The fact we want to replace so many of these people with an AI is highly concerning. AI is not Artificial Intelligence, it does not think like flesh and blood. It does not make new ideas, it does not know how to be creative or make new ideas. AI only copies what it sees, and doesn't know how to build from it. This is an action only done to make COMPANIES that use AI IMMUNE from laws meant to protect the people. It should not be made legal to take from hardworking and honest people, it is what copyright is made for in the first place.

COPYRIGHT IS HERE FOR A REASON, THE FACT COMAPNIES WANT TO CIRCUMVENT IT IN ANY WAY, SHAPE, OR FORM, IS AN ATTACK ON CREATIVE WORKS BY HONEST PEOPLE!
