Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-8667
Comment on FR Doc # 2025-02305

Submitter Information

Name: Matthew Maxwell
Email: [REDACTED]

General Comment

AI as it is currently envisioned, is nothing more than a tool to claim the work of artists (upon which all these systems have been trained, without credit or recompense for any of the artists involved.) its also a tool to deprive working artists of the possibility of future work. It looks appealing to executives but it does nothing other than impoverish. It removes humanity from the making of art.
