General Comment

Approval of the theft of copyrighted work is unconscionable and should absolutely NOT be allowed.

- * I do not believe AI holds a place in the future of the US
- * AI steals from my livelihood as an American and profits off of theft
- * AI is overhyped and is fleecing the eyes of the American public
- * There is no other industry that could credibly make this demand and be approved as a special exception to steal as a means of bailing out their poorly conceived "business" model. Absolutely not.
