General Comment

I DO NOT WANT THIS. AI absolutely MUST be regulated and MUST abide by copyright laws. By having no guardrails, AI will steal from EVERY American and ROB the hardworking people of their work. It would provide AI a legal loophole to piracy, depriving companies of their profits and people of their jobs!! AI STEALS from me and my fellow Americans and profits off of THEFT. AI is overhyped and is fleecing the eyes of the American public. AI DOES NOT hold a place in the future of the US. Protect the PEOPLE.
