Document: NSF_FRDOC_0001-DRAFT-8805

Comment on FR Doc # 2025-02305

Submitter Information

Name: Nicholas Gaston

General Comment

I do not believe AI has a place in the future of America. As it stands right now it is actively being used to threaten the livelihoods of anyone working in a creative space leading to a larger rate of unemployment within these industries and on top of all of this it is very easy for AI to provide & spread false information which is a plague that has to be remedied.
