Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-8824
Comment on FR Doc # 2025-02305

Submitter Information

Name: Joseph Silva

Email: [REDACTED]

General Comment

The idea that generative AI is somehow important or relevant to the United States is a complete and utter sham. There is no merit to researching this technology, and in the meantime it will only harm many thousands of people who will have their work stolen without compensation. I do not believe AI has any place in the US, and I strongly oppose any policy that encourages its development.
