General Comment

As a constituent, do NOT let OpenAI use copyrighted material to train their AI, as it is STEALING! I don't think AI has a place in the future of the U.S.A. It steals jobs, it steals material, and it consumes so much energy to not successful results for the effort. Again, it steals from the livelihood of Americans and profits off theft instead of providing ingenuity.

Please stop OpenAI from running rampant and making things worse. If you allow them to do what they please, there's no reversing what damage will be done.
