Re: "AI Action Plan"

"Artificial Intelligence" ("AI") aka LLM or Large Language Model is already plagued with hallucinations, lies, fabrications, plagiarism, using copyrighted works without compensation, and stealing of intellectual property by private sector entities. The guardrails should not be removed. The requirements are necessary, not burdensome, to protect intellectual property from theft without consequences. I oppose this "Development of an Artificial Intelligence (AI) Action Plan" ("Plan"), which was directed by a Presidential Executive Order on January 23, 2025. I oppose Executive Order 14148. I oppose Executive Order 14179.
