Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-8928

Comment on FR Doc # 2025-02305

Submitter Information

Name: Taylor Reynolds

General Comment

AI has no place in any creative field. It creates nothing and steals everything. It can only exist to tear down the people actually creating things, while failing to ever make anything with any actual merit itself.

It needs to be STOPPED not enabled. Even if it's given all the control in the world it's still a dead end bubble soon to pop, but the damage along the way is unacceptable.
