General Comment

Please do not go through with this, I absolutely don't approve of making AI stuff fair use, and I doubt your corporate friends would like that either! My artist and musician friends absolutely wouldn't appreciate being undercut by some talentless suits even further, and with government approval at that. If you want to extinguish artistic sustainability even faster, be my guest, I know this regime is hellbent on killing everything normal people care about, but I will fight tooth and nail to make sure that doesn't happen, and I hope you take this into consideration, even if you throw this comment into the trash.
