Document: NSF_FRDOC_0001-DRAFT-9297

Comment on FR Doc # 2025-02305

Submitter Information

Name: Katelyn

Goldfarb

General Comment

Do not allow AI to steal copyrighted works - it will hurt creatives in every field, and disincentivize anyone from creating or sharing their own work. The effects that it would have on both the ability for one to make a viable living on their work, as well as on culture and society as a whole, would be devastating.
