Recently Posted NSF Rules and Notices.

Comment On: NSF_FRDOC_0001-3479
Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-9327
Comment on FR Doc # 2025-02305

Submitter Information

Name: Timothy Cameron

General Comment

I believe that the ways in which generative AI has been used publicly and privately have negatively impacted the public's trust in what is real and especially impacts the work and ability to live off of art. Art is a necessary function in society, and genAI seeks to strip the rights away from the creators that so many people look to. I am fully opposed to granting protections from copyright laws to these companies.
