Document: NSF_FRDOC_0001-DRAFT-9383

Comment on FR Doc # 2025-02305

Submitter Information

Name: Travis Reed

General Comment

AI is a powerful tool, which must be carefully regulated to safeguard against misuse. Rules must be in place to protect small businesses and independent creatives from the depredations of those who seek to profit off the hard work of others, using AI as a way to launder ideas, filling the market with low-effort products without adding anything of value, thus debasing the industry as a whole and harming consumers.
