General Comment

Please do not allow OpenAI to scan over the entire of the internet with massive freedom.

I do not believe AI holds a place in the future of the US.

AI steals from my livelihood as an American and profits off of theft.

AI is over-hyped and is fleecing the eyes of the American public.

I think AI created artwork, writings, etc robs people with actual creative ideas their voice as it will be replaced by flooding of nothing but plagiarized, unoriginal ideas that will be be sent over and over again.
