Request for Information: Development of an Artificial Intelligence Action Plan

Document: NSF_FRDOC_0001-DRAFT-9425
Comment on FR Doc # 2025-02305

Submitter Information

Name: Bob Chipmanc
Email: [REDACTED]

General Comment

This is insane to think that you can give someone Carter Blanche to steal other people's work.

LLM and genAI are useless toys that only the ignorant and uniformed think are useful. They are dangerous, worthless and are a drain on our natural resources.

Open burn pits of money is more entertaining and useful than anything LLMs or genAI has made.

Though I know you are all corrupt and will do it anyway. You cowards.
