General Comment

AI is a scam and a half. A groundbreaking innovation made useless through corporate greed that, at best, is used as a toy by the average person to see what insane answers ChatGPT gives over the most basic quests; and, at worse, is used as an excuse to fire countless workers because "why hire you when AI can do your job just as well."

AI is a plagiarism machine made to regurgitate information it has no way of fully understanding.

Keep it in the spreadsheets if you're going to use it at all
