Document: NSF_FRDOC_0001-DRAFT-9540

Comment on FR Doc # 2025-02305

Submitter Information

Name: Tyler Haddad

General Comment

If AI requires theft to be usable, then it doesn't deserve to be usable. It's garbage tech that doesn't meaningfully help anyone except simpletons and the people profiting off of them.

The US doesn't need to give open AI carte Blanche to steal from artists in order to get ahead. Generative AI is a useless grift that will only serve to further widen the gap between rich and poor. Nobody wants this crap
