Subject: [External] AI Action Plan
Date: Sunday, March 16, 2025 8:37:36 AM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To whom it may concern,

The technologies known as "AI" (specifically Generative AI) do grave damage to the environment, exploit labor throughout the Global South, and steal the work of creatives without consent (as well as web content produced by millions of internet users over 20+ years). The US should not be developing these tools and should work with global institutions to institute restrictions on usage.

Sincerely,
Aaron Stark
Westland, Michigan
