Dear Faisal D'Souza

I am disgusted and appalled by the gall to even consider this abhorrent idea, did you know that AI steals from my livelihood as an American and profits off of theft from millions of workers including myself, it cannot be trusted, it delegitimizes meritocracy in this country and by giving OpenAI the reins to legally steal from the American people you are putting all of us at risk of theft by these robber barons and their theft machine

Ironically this would be the most communist thing this country could do, which is really funny considering how much this administration probably hates communism, is that what you want?!!!! You want communism in America?!?!?!?! because that's what Trump and his cronies will be saying about you if you let this happen

make the right choice

save people's lives

AI is overhyped and is fleecing the eyes of the American public and as a citizen I hope you do something about that, the people will find out if you don't

~a concerned AMERICAN
