This plan should not be implemented.

AI is a threat to civil society and on top of that you SHOULD NOT BE STEALING OTHER REAL PEOPLE'S HARD WORK

Copyright exists to protect creators

Do not steal from creators

AI cannot create original material as it just recycles and mutilates existing works

If you want to "train" AI then pay others for their blood sweat and tears

But again, this Administration shows that just like the president himself, it'll lie cheat steal and refuse to pay others for their work

Shame on you all
