Hello,

It is my humble opinion in the AI matter that it be used immediately for the safe guarding of payments made to disaster applicants.

I am a reservist in the EHP cadre of FEMA and I recognize the immediate need for the streamlining of application to dedication of valuable federal funds. It is of great importance that this issue is addressed as I've seen this issue not being resolved. I am a Biologist when not deployed but would explain further this idea if asked.

Respectfully-

Wm. Chris Anderson
