Subject: [External] AI Action Plan
Date: Monday, March 17, 2025 9:18:24 AM

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

The AI Action Plan essentially exempts AI developers from copyright laws. Considering AI companies' track record of allowing their AI to plagiarize the work of any and all content creators by illegally using them without permission as training data, giving those companies the Government's blessing to do so without legal restraint would be an intellectual-property disaster.
