My name is Gregory Luterman, and I'm a registered voter in Madison, AL 35758.

Please do not change the copyright laws. AI is bad technology that the general public doesn't want. Companies are just looking for a way to steal our hard work so they can lay us off. AI is a waste of electricity, and the companies creating it have broken the law in stealing copyrighted material to train it. They need to be jailed, not permitted to continue.

Sincerely,
Gre7g
