On behalf of my family, I am writing to confirm our Civil Rights and Privacy Rights have been extremely violated for the last two years and we need to protect ourselves from the potentially harmful practices and unlawful behavior that can occur at any given time.

I have recently learned how to provide input into the Notices/Proposed Rules posted in the Federal Register. However, this may be my report to confirm that the current situation is not going well and that I need to share this information with government officials. Please advise me on how to receive the help to alleviate the problems we are facing and how to resolve the issues that we are currently experiencing.

We are currently looking to make sure that we are able to help with this issue and to provide you additional information regarding proposed regulations that will impact the future development of this project.

Some of the problems pertaining to our case are available in the Federal Register under Notices/Proposed Rules and we have other issues to report to you based on this email notification.

I have no current access to a home computer, printer, nor the two laptops owned due to my current situation. My iPhone continues to have intermittent problems, as well. The problems and the complaints are violations that include blocked emails, blocked texts, blocked calls (blocked calls during family emergency matters), deleted texts, deleted pictures, deleted files, blocked access to handle my personal business with an existing Federal Government entity for their own required needs, retrieved tax returns, retrieved family medical records, retrieved personal HR files, retrieved family succession files, blocked from opting out of multiple apps and ads, and the list goes on without being able to control any of them. I have attempted to seek assistance from many groups of professionals and experts related to this matter and have been unsuccessful to resolve the ongoing problems.

Please confirm receipt of this email communication, provide details of your review process and next steps required.

Thank you for your assistance with this matter.

Best regards,

Kelly Moore
