Hello,

My name is Leanna Bonafini and I live in Massachusetts. I am reaching out regarding the proposed policy to "enhance AI dominance," with which I strongly disagree. My colleagues in the arts have expressed alarm over the ability of AI to steal their work without credit and replace their jobs, costing them their livelihood. My fellow consumers and I avoid using AI at all costs due to the rampant misinformation and devastating environmental impact. I urge against this change.

Thank you,
Leanna
