CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I do not believe in deregulation of AI restrictions. This is a new technology and we need to protect IP and Copyright laws as they currently are until we understand more about how AI can affect emerging artists and content creators. AI does not create original content, so stifling actual creators or making it harder for them to create will ultimately hurt us more in the long run.

Thanks,

Luka
