CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

AI has already affected my life negatively across the board. It steals from my capabilities to produce freelance creative writing work and make a living on my own. I do not believe AI has a place in the future of the US. I do not know a single person who enjoys what AI has brought to the table, it is overhyped and overvalued.

Thanks,
Matthew Good
